Dear guests!

Allergy information regulation

The new EU regulation no. 1169/2011, which informs the consumer about foods, is in place from the 13th December 2014. Here you see the 14

Substances indicated that can cause allergy or intolerance, also from loose foods.

In the notes, you will find the allergy information in accordance with Codex recommendation, from which the letters relate to the brief descriptions.

„One response occurs when the substances referred to or derived

products, are included as an ingredient in the final product.”

„The identification of the 14 allergens is according to the law.

There are also other substances that can cause food allergies or intolerances.”

„Despite care in preparation, our dishes can pick up traces from other

substances used in the kitchen.“
